

My understanding is that the public airwaves are not to be used to further the owner's political goals. If you let this continue you will be responsible for a precedent to remove our freedoms and safeguards that we all enjoy.

I understand since a station uses the airwave free of charge they must serve the national good. You will probably take too long to respond to the charges but remember that your children will know that your have sold our democracy.

Please do what is right and strengthen the rules that do not allow this. If Clinton was doing it what do you think would be going on right now???

Do not let yourselves be sold. Thank you.
